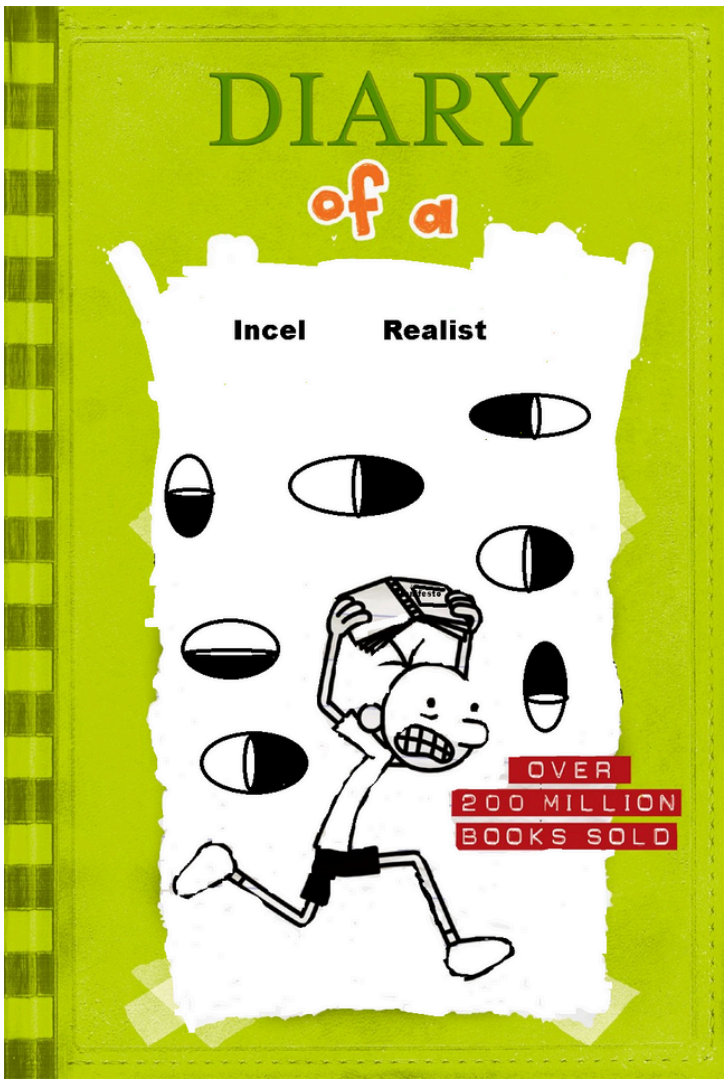
Diary of an incel realist chapter 3: Retribution.



I had bought flowers before going to the infirmary today, I also had brought a knife with me in case things went south. Patty, you've brought this upon yourself I mutter to myself whilst I put my clothes on. I took my bike on a joyride towards the infirmary where Patty was being kept, with the thought in my head of how I would harm Patty. She's ruined my life and countlessly laughed at my miserable existence of being an involuntary celibate, every girl I've ever spoken to or been near in this life of mine has laughed at my appearance. I think to myself that they are all in a confederacy against me simply out to silence me, and for what reason you ask? Simply because I am an incel? i've been questioning why and why they have been insulting me for being an incel, do they not realize by calling me an incel that they in fact acknowledge I am involuntary celibate? and so then it is their own fault I am this way and as an incel, society and women are at fault to blame for never even giving me a chance.

I need a disguise quick especially if I want to get past the reception at the infirmary how else would I be able to do that especially when I'm a high inhib retard, then I had come up with the idea to wear a realistic facial mask of Chad

I had found this mask also do not ask me how anyway, I went to the infirmary, here's what the nurse said to me "Teehee and what would a fine Chad like you be doing here" I felt disgusted at the nature of retarded women and I decided enough is enough.

Shut the fuck up bitch I don't need to tell you anything and simply walked past the reception.

"Teehee Chad as long as you're Chad and not an ugly incel will I let you degrade me.'

It made me feel both good and nauseous at the same time, the realization of the halo effect in this world and I finally had the halo effect for that brief moment a false achievement of power and control through looks alone, but at the same time did I feel nauseous since she is a woman.

As I slowly approached Patty's room, I had this one thought in my head, to kill and murder this skank whore once and for all.

(Photo reference above is Greg with flowers approaching patty but slightly doesn't make sense because patty is supposed to be asleep but u understand what I am saying)

As I opened the door. I noticed that patty had the blinds closed and was sleeping, so I unzipped my backpack and tied her to the bed (This is going to get good)

As I finished tying that fucking cum toilet down to the bed had I also soundproofed the walls (Don't ask how I did it.)

As soon as Patty woke up, she saw "Chad" staring deep into her eyes.

"Uhm Chad what're u doing and why am I strapped down to my bed I'm supposed to be recovering teehee, but if your intention is to rape me then I'm fine with it because you're Chad teehee."

So that's the same whore who told me to just speak to women...uhuh.

"Uhm Chad what're you talking about? If you're having trouble with women, then I will happily offer myself up to you."

I took off the mask finally revealing my true self, it's me Greg, why didn't you happily offer urself up to me WHY DIDN'T YOU, YOU FUCKING WHORE!

"OmG GreG?! YOU fUCkING cHAdfishinG InCe-SUCK MY INCEL COCK BITCH I'M GOING TO KILL YOU NOW!

I hurried to my backpack to retrieve a razor blade from it.

She then had a change of tone "what're you Doi-P-please-please d-don't hurt me, Greg."

I think we are past reasoning patty you've had your fucking chance now it's time to pay.

It's unfair that many of us men get our foreskin taken away without our consent so I think I will get some equality in since you strive for it so much you feminist bitch.

Slowly approaching her step by step while she was wearing a patient gown she begun to grow teary eyed and scream for help "SOMEBODY HELP ME, SOMEONE PLEASE" but her yelp and cries were to no avail, There's no white knight who'll be able to save you this time Patty HAHAHAHHAAH AH AH HA.

The first thing I did was give her a female circumcision by cutting off the clitoral glands off from her clitoris using the razor blade, whilst I was cutting was she shifting between bloodcurdling screams and wailing depending on how slow I would cut through her.

She begun to choke on her tears as I was finished "WAhhhHHhHHHH uHH uHH WAAAHHHHH"

YOU DID THIS TO YOURSELF, FACE THE CONSENQUENCES OF YOUR ACTIONS SKANK, YOU REAP WHAT U SOW!

WAHHH, GREG FUCK YO-I elbowed her in the face and beat her face into a bloody pulp until she begun to silent cry.

Now for the best part.

Hey patty, how would u feel if you were raped by me, I said to patty.

"N-NO Y-YOUR DEMON SEED IS NOT GETTING ANYWHERE NEAR MY VAGINA THAT AREA IS CHAD ONLYYYY!"-she cried.

So be it I said, then I unbuckled my pants.

Resistance is futile Patty I'm going to force my incel penis inside you now.

I took a few steps back then *DASH* a leap into her vagina using my javelin of a penis

HIYAH, I said, so this is what a whores vagina feels like...

Patty started to start shaking and trying to wiggle my penis out of her vagina so I decided to make her experience some more trauma by punching her nose in again, fuck you bitch, fuck you and you've yet to feel just 0.1 percent of an incels pain.

I had beaten and bruised her face so much that she looked like a disfigured alien and was silently huffing and puffing whilst I was raping her vagina, How does it feel... how does it fucking feel biiitcchhh! Take Dis incel Diiiick!!!

She was becoming unresponsive, so I forced painkillers down her throat and slapped her in the face, she wasn't wailing as she used to but only did tears fall down her now bruised up faced.

FUCK FUCK IM ABOUT TO CUM, OPEN UP THAT UTERUS BITCH, INCEL GREG IS CUMMING.

AAAAAAAAGGGH *SPLUDGE* Fuck YEAH babY FUCk FuCK fUCK!

HOW DOES IT FEEL TO HAVE YOUR CERVIX AND UTERUS FLOODED WITH THE "DEMON SEED" OF AN INCEL YOU CUM TOILET BIRTHVESSEL BITCH I yelled at her.

THIS IS THE MONSTER YOU MADE MOTHAFUCKA.

THIS IS WHAT ALL YOU WOMEN DESERVE.

THIS IS RETRIBUTION INSHA'ALLAH PROPHET ER BLESSED ME WITH A SEX SLAVE TODAY.

She listened silently but still with her face covered in tears and blood also did she have both black eyes.

Don't wanna speak anymore huh? Hmm i will give u something to really cry about then.

I walked to my backpack to retrieve my syringe filled with acid.

She noticed it and begun to scream like a banshee retard straight off the short bus "UHHHH DUAHHH URAAAUG UHHHH UFAAAAAGHH"

I mimicked her yells as she's now in a vegetive state from the CTE of the asswhooping (Serves you right self-righteous whore)

As my semen with a mixture of blood was still dripping down her vagina I decided to have a little fun, yes my penis cut open the flesh walls of her vagina and yes did

I enjoy it.

I decided to poke the flesh walls inside her vagina using a knife as the circumcision of her clitoris glands made it easier access for me.

She yelled "UAAAH UAAAH UIIIAAAAAAAH" I got bored of fiddling with her now cave of a vagina, so I thrusted the syringe filled with acid into her pussy and then inserted it in.

She begun to uncontrollably shake and foam out the mouth from the torture I was doing to her.

Ahh...And just like that, peace and mental clarity has been achieved today I said to myself while putting my Chad mask back on and leaving.

Beware of what you say niggers, normies, foids, faggots you cause the creation of murderous intent Shown by Greg in this fictional story.
